ARAVIND S
Front End Developer

Email: aravindjesus4207@gmail.com | +91 6382569383 | LinkedIn: linkedin.com/in/aravind-subramani/

Location: Tamil Nadu

💼 SUMMARY

Highly motivated B.E. Computer Science and Engineering student (2025) with hands-on experience in full-stack web development. Proficient in Python, React.js, MySQL, HTML, CSS, and JavaScript. Completed an internship at Besant Technologies, gaining real-time exposure to front-end and back-end development, CRUD operations, and debugging. Strong problem-solving ability, fast learner, and effective team collaborator.

🎓 EDUCATION

Bachelor of Engineering (B.E.), Computer Science and Engineering
PSV College of Engineering and Technology, Krishnagiri (Anna University)
08/2022 – 05/2025 | Krishnagiri, India | CGPA:8.2

Higher Secondary Certificate (HSC), Computer Science
Government Higher Secondary School, Krishnagiri
2016 – 2018 | Krishnagiri, India

🧠 SKILLS

Soft Skills:
- **Programming Languages:** Python
- **Web Development:** HTML, CSS, JavaScript, React.js
- **Database:** MySQL
- **Tools & Platforms:** GitHub, VS Code, PyCharm
- **Soft Skills:** Problem-solving, Team collaboration, Communication, Fast learning

🎖 KEY ACHIEVEMENTS

All-Rounder:
- Awarded **All-Rounder** multiple times for academic excellence, coding contests, and teamwork

🌐 LANGUAGES

English — Proficient, **Tamil** — Native, **Kannada** — Conversational

⭐ STRENGTHS

- Excellent problem-solving and debugging skills
- Fast learner with a passion for full-stack development
- Strong communication and team collaboration abilities

💼 EXPERIENCE

Intern:
Besant Technologies
02/2025 – 05/2025 | Bengaluru
Intern – Python Full Stack Developer
Besant Technologies, Bengaluru
- Gained hands-on experience in **full-stack development** using Python, HTML, CSS, JavaScript, and MySQL.
- Collaborated on employee management system projects with CRUD operations.
- Enhanced debugging, problem-solving, and coding efficiency through real-time project work.

Certifications
- Python Certification
- Python Full-Stack Developer Certification

📂 PROJECTS

Instagram Clone:
06/2025 – 08/2025

Technologies:

HTML, CSS, JavaScript, React.js, JSON (manual database)

- Developed a **responsive Instagram clone front-end** with features such as posts, likes, comments, and profile display.
- Implemented state management in React for dynamic updates (post rendering, like counts, comment updates).
- Created a mock backend with JSON to simulate user, post, and comment data.
- Ensured compatibility with LibreJS by providing .js and .min file versions.

Employee Management System:
04/2025 – 06/2025

Technologies:

Python, MySQL, Tkinter (GUI)

- Built a desktop-based Employee Management System for HR operations.
- Designed CRUD features to manage employee details (**personal info, job role, salary**).
- Created a user-friendly GUI with Tkinter for smooth navigation.
- Configured MySQL database with validations and error handling to ensure data accuracy and system reliability.
